Gingerbread cottage

1. Front, side wall and floor

Cut outer edges — — — — Fold GLUE = hidden tab

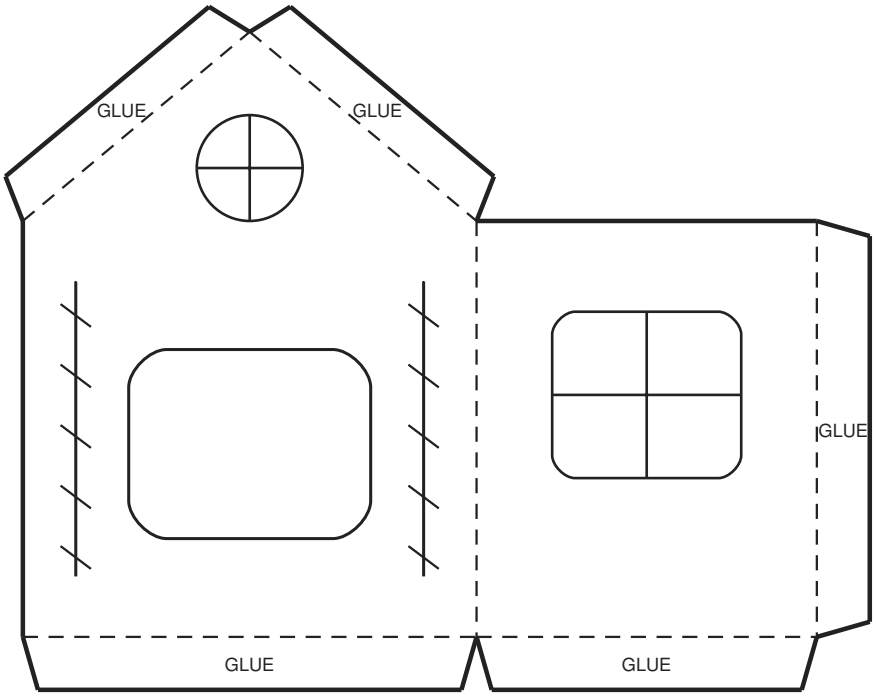

1. Color the house, then cut around the complete wall piece.
2. Fold all dashed lines. Join both wall pieces into a box.
3. Glue the floor and base tabs inside. Add the roof on page 3.

3. The roof and chimney

Cut outer edges Fold GLUE = hidden tab

1. Fold the roof along its ridge. Glue onto the gable tabs.
2. Fold the chimney into a square tube. Glue its side tab.
3. Fold the four bottom tabs out; glue onto one roof slope.

Color first. A grown-up can help with scissors and folds.
